STREET IMPROVEMENTS.

As stated in the Gazette of that day a conference between Mayor Paff and the representatives of the electric and steam railroads in reference to extending the street improvements on King street from the city limits to the Union depot held at the mayor's office yesterday afternoon.

Among those present were Mayor Paff, Corporation Attorney Fisher, Mr. Duke, the R. F. P. R. Ry.; Mr. J. O. Colvin, superintendent of the electric railway, and Councilmen Louis Brill, H. K. Field, F. F. Marbury, members of the street committee and Mr. E. C. Dunn, city engineer. The county supervisors failed to put in an appearance.

The Mayor stated the object of the meeting and asked for suggestions.

Mr. Duke asked if there had been any conference between the county supervisors and city officials recently, and received the answer that there had not. He further stated that the railroad desired that the roadway to the Union depot should be improved.

Mr. Fisher said that at the last conference with the Alexandria county supervisors they had stated that as the property in the vicinity of the improvements anticipated was taxed in Fairfax county they did not think they were to take the initiative in the matter.

Mr. Fisher further stated that at the last conference between the supervisors and officials of this city. Dr. Rust had emphasized the fact that only one taxpayer of the county used the roadway in question. This was significant that the county would not shoulder much of the cost.

Mr. Duke said that a large part of the railroad's property was now taxed in Alexandria county, and he had hoped to meet the supervisors at this meeting in order to learn what action they would take in the matter. The improvements were certainly to be made in their territory.

Mr. Duke further stated that temporary improvement could only be made for the winter but after that other arrangements for permanent improvements could be made. He certainly wanted to see the work done.

Mr. Dunn said in his opinion the vitrified brick pavement should be continued out from this city; the work could be started immediately.

Mr. Colvin stated that it was the object of his company to do all in their power to further the improvement.

Mr. Colvin, upon being questioned, stated that he had been in communication with the Mayor some time ago in reference to double-tracking King street extended and also over the roadway now in question, but as they had completed other arrangements before receiving any reply they had dropped the matter for the present.

Mr. Duke said in his opinion that as the electric railway only had one track on the roadway that that company should only be required to pave between the tracks and two feet on either side, as was required by the city of Alexandria.

Mr. Duke said the improvement done with vitrified brick would cost in the neighborhood of \$18,000, leaving out the crossing of Hoof's Run.

The Mayor stated that he felt certain that the city would contribute liberally to the improvement.

Mr. Fisher said while the city could not appropriate money, it could give material, which would answer the purpose.

Mr. Duke, being asked, said that his company was willing to co-operate in this matter to the extent of its ability, but to what extent he would not like to say.

The sense of the meeting was for the City Engineer to find out the approximate cost of laying a vitrified brick roadway from the city limits to the depot and a sidewalk on the north side of the roadway and report to the Mayor.

A meeting will then be called of the county supervisors, and the representatives of the R. F. P. R. Ry. and the electric railway companies, who will meet the Mayor in conference in reference to the proposed improvement.

Mr. Stonewall J. Irbey has sold to Mr. T. A. Groves a house and lot on the north side of King street between Alfred and Patrick.

A WATERHAUL.

Detectives from Baltimore and Washington arrived here last night confidently expecting to capture a female known as Lena Morrell, said to be a young German woman, who is alleged to have stolen thousands of dollars' worth of jewels and gems from northern cities. Large rewards have been offered for the capture of the modern "Gypsy Queen," and visions of shekels animated the sleuths in their work. They had heard that the long-sought Lena was in Alexandria, and they lost no time in making their way to this city. The detectives immediately sought acting Lieutenant of Police Roberts, and, in a confidential manner, told him their business in Alexandria; also that his services would be appreciated and his share of the reward satisfactory should the object of their search be caught. The acting lieutenant was soon in the saddle and as eager to run down the female as the Baltimore and Washington detectives appeared to be. The officers repaired to several places where it was supposed information would be gathered concerning the whereabouts of the woman, and it was not until a considerable portion of the city had been traversed and no little time consumed that it occurred to the Vidoqs that they were on a cold trail, and that the "information" which brought the detectives to this city emanated from an advertisement of Alexandria Lodge of Elks, for whose benefit "The Merry Cobbler" will be produced at the Opera House. The advertisement, it will be remembered, bore the signature of "Lena." Another chapter of the above story will be found elsewhere.

U. D. C.

The last day of the convention of the State division, Daughters of the Confederacy, closed in Norfolk last night with musical and historical programmes and a reception. Memorial services were held yesterday morning, at which Mrs. J. E. B. Stuart made an impressive address and Mrs. N. V. Randolph, of Richmond, spoke on the first memorial exercise held by the organization. The monument committee reported favorable progress in the movement to erect a monument to Commodore Maury, near Hampton Roads. A number of other committee reports were also heard. The United Daughters of the Confederacy, embracing the membership in the entire country, will meet in Norfolk next week.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Joseph Carroll, colored, charged with disorderly conduct and fighting, had his case continued.

William Speaks, colored, charged with stealing sundry articles from a dry goods store in which he had been employed, was fined \$50 and given six months in jail.

Herbert Bryant, colored, charged with assaulting Robert Miles, also colored, was fined \$10.

A white man charged with sending an insolent message to the Chief of Police, was dismissed.

FINED FIFTY DOLLARS.

A colored boy named William Speaks was brought before the Police Court this morning charged with stealing between five and six dollars' worth of articles from a dry goods store in which he had been employed. He refused to make a statement when given an opportunity to do so, and was fined \$50 and in addition given six months in jail. Should he fail to pay the fine his imprisonment will be for a term of nine months. The storekeeper has heretofore been robbed by colored employes, but has simply punished them by dismissal.

TO DEEPEN THE CHANNEL.

The work of surveying the harbor of Alexandria was continued by government employes today. They say it is the object of the government to deepen the channel from the outlet of the old Alexandria canal to a point opposite the shipyard. The river opposite this city has needed attention since the Johnstown flood—eighteen years ago—when a barge was sunk in the channel at a point opposite the canal outlet which caused the formation of a bar.

BAPTIST CHURCH NOTES.

Rev. Dr. W. F. Fisher, pastor of the Baptist Church, having received an urgent request to address the Railroad Y. M. C. A. at Monroe, on tomorrow afternoon, the church on last Wednesday evening granted the leave of absence. Dr. Fisher will then proceed to Danville to attend the General Association of Virginia Baptists which will be in session in that city from Tuesday until Friday of next week.

The pulpit of the Baptist Church will be occupied tomorrow by the following: At the morning service Rev. James B. Clayton, of Washington, will preach, who sometime ago retired from active pastoral work on account of his health and at present chief clerk, Bureau of American Ethnology. At the evening service Rev. T. D. Clark, of Manassas, will preach. Mr. Clark was formerly located in Philadelphia. He is a most interesting speaker and supplied for the church here some five or six years ago. Rev. C. K. Hobbs, pastor of Beulah Baptist Church, below this city, will tomorrow afternoon at 2 o'clock at the First Baptist Church baptize a large number of candidates into the Beulah Church.

WINNING OF THE WEST.

Tomorrow night at 7:30 o'clock at the Second Presbyterian Church Dr. S. L. Morris, the gifted secretary of home missions in the Presbyterian Church, will speak on the great work of winning the West and the South for Jesus Christ. His message is inspiring, at the same time appalling, for he shows that the immigration into this country reaches the enormous number of 2,500,000 people a year, and practically all come with no religion, or some low form of belief. They thus become a menace to our civilization. He can show that ten foreigners come to our shores to every foreigner who is converted on the foreign field. He deals with the problem confronting the South with the mountain whites, the mill workers and the miners, and he claims that there is only one safe solution, and that it is to meet them with the gospel of Jesus Christ. Every person interested in the evangelization of our own land is invited to hear him.

THE DANCING CLASS.

The dancing class so auspiciously inaugurated on the 1st of November by Misses Bessie Jones and Grace Anderson bids fair to become a charming function in Alexandria society this season. The dancing class at the Odd Fellows' Hall on north Columbus street was thronged last night with the belles and beaux of Alexandria. And the two young ladies conducting the dances, who are so eminently qualified by their graceful manner and experience, did all in their power to instruct the tyros and beginners, who are desirous of becoming disciples of "Terpsichore," as well as affording an evening of gaiety and pleasure to all of these who are already trained dancers.

STEPPED INTO THE DOCK.

A man, apparently a stranger, had an uncomfortable experience on the Strand early last night. He had been on the Norfolk steamer's wharf where some of his friends had boarded the steamer for the Jamestown Exposition, and was picking his way along the wharves toward King street when he stepped into the dock at the old Reardon wharf. Fortunately the tide was low, but he sunk into the mud and experienced no little difficulty in extricating himself.

DEATH OF CAPT. PETTIT.

Captain J. M. Pettit, an old and well-known resident, died this morning at his residence, corner of Pendleton and Patrick streets. The deceased was 69 years of age. He leaves four children—two sons and two daughters. His death was due to Bright's disease. Captain Pettit was near Ocoquan, but had lived in this city many years, and for a long time was captain of a steamer plying between this city and the lower river.

FUNERAL.

The funeral of the late John W. Burke will, as stated yesterday, take place from Christ Church, of which he had been a regular attendant for sixty years, at 2 o'clock tomorrow evening. The services will be conducted by Rev. W. J. Morton and Rev. Dr. S. A. Wallis. The pallbearers will be Messrs. L. E. Uhler, J. P. Robinson, Hubert Snowden, Herbert Bryant, R. E. Lee, Jr., Lawrence Washington, and E. McO. Jones.

INJUNCTION.

WIFE VICTORIOUS.

There was a family jib in a house in the extreme southwestern section of the city a few nights ago, during which the paterfamilias and his wife engaged in a fight. The supposed-to-be weaker vessel succeeded in "downing" her liege lord and it is said pummeled him to her heart's content.

DETECTIVES ON WRONG TRAIL.

An advertisement appeared in this paper signed by "Lena" which stated that she was a German girl, and desired a position, and if anyone wished to employ her to address box 206. A German girl by the name of "Lena" secured employment with a family in Baltimore, and before she had been there one day departed, taking with her about \$5,000 worth of jewelry. A gentleman from this city (a regular Sherlock Home) seeing the ad, and also reading where this other girl departed with \$5,000 worth of jewelry, came to conclusion that these girls were one and the same. He immediately called up police headquarters in Washington—they in turn calling up Baltimore, and detectives from both cities came over, and with several policemen had an interview with the gentleman who rented the box, and learned from him that a friend of his asked him permission to use his box for a few days. It was later learned that "Lena" had decided to go on the stage, and will appear in comedy drama, "Merry Cobbler," Opera House, Tuesday and Wednesday, November 12 and 13, where she will be pleased to see, on both evenings, all parties who communicated with her, about 100 in all.
